### **INTERNSHIP COMPLETION LETTER**

This is to certify that Mr. Pinnanwala Appuhamilage Upeksha Dilshan Herath completed an internship at Rootcode Pvt Ltd from 01st January 2024 to 30th June 2024 in the field of Software Engineering.

Rootcode Pvt Ltd is a Software Product Engineering Company headquartered in Sri Lanka with corporate offices in Estonia and the USA. Rootcode has clients across the globe with a focus on the European and North American markets. Rootcode helps companies succeed by building great digital products through the specialization in Engineering, Artificial Intelligence, and User Experience Design.

During his internship with Rootcode, he gained knowledge and exposure in;

- Developing and implementing responsive web applications using React JS and Next JS.
- Building reusable components using front-end libraries.
- Understanding of React JS, its core principles and popular frameworks (such as Redux and Zustand).
- Translating designs and wireframes into high-quality code.
- Writing testable and efficient code.
- Integrating the back end with the UIs using the react query.
- Working with Docker to streamline the deployment process.
- Troubleshooting issues and debugging to improve frontend performance.
- Participating in Agile routines; Daily standups, sprint planning, sprint demos and retrospectives.
- Collaborating with senior engineers, designers and project managers.

Upeksha also contributed to writing a technical blog post and actively participated in the Speaking club, Rootcode Foundation and other company events.

We at Rootcode wish him all success in his future endeavors.

Yours faithfully,
